Bosch Cordless Garden Tools

with lithium-ion technology.

You are always one step ahead with Bosch Lithium-Ion Technology. Bosch perfectly combines state-of-the-art lithium-ion technology with optimised motors and electronic components to ensure longer battery runtime and efficient, powerful cordless garden tools.

Bosch Lithium-Ion Technology offers many advantages:

Bosch Electronic Cell Protection (ECP): Protects the battery against overload, overheating and total discharge

Intelligent Bosch power management: Ensures optimum energy yield from the battery cells

Bosch high-performance battery cells: Extremely resilient to energy loss

Practical: one battery fits many other Bosch tools
The Bosch battery systems with 36 V*, 18 V and 14.4 V lithium-ion technology are used in numerous garden and power tools from Bosch. Your advantage: Fast and easy changing between the individual tools.

*Not applicable to 4.5 Ah battery.

The advantages of lithium-ion technology at a glance:

Compact, durable and quickly recharged
Due to their short charge times, Bosch cordless tools with lithium-ion technology are ready to use quickly. They are also especially durable and last six times longer than conventional nickel cadmium batteries.

Same power at half the size
Due to the lithium-ion technology, the size and weight of the batteries are reduced by approx. 60% compared to conventional nickel cadmium batteries – although they offer the same amount of power.

High power, low weight
Bosch cordless tools with lithium-ion technology impress with their very compact design, low weight and ease of use. This saves you a lot of effort when working.

Long lifetime
The intelligent Electronic Cell Protection, Bosch ECP, protects the lithium-ion batteries against excessive temperatures and overload, therefore giving them a particularly long lifetime.

Full power at all times
No self-discharge, no memory effect: constant battery capacity over the entire lifetime. Always ready when you are thanks to lithium-ion technology.

Secateurs

Ciso cordless secateur.

Pruning made easier.

The world's first cordless secateur with integrated lithium-ion battery. The Ciso makes clean cuts 'at the squeeze of a trigger': more than 500 cuts with one battery charge. Soft wood up to 14 mm and hard wood up to 9 mm in diameter, the Ciso gives a clean cut due to the bypass cutting system. The ergonomically designed Ciso weighs only 590 grams and does not tire you out, even if used for lengthy periods of time.

Integrated 3.6 V lithium-ion battery
No self-discharge and no memory effect, always ready to use

Charge level indicator
Displays the charging process

Clean cut
Easy-to-change quality Swiss blade made of carbon steel

Easy charging
Mobile phone-type charger

Safety lock
Prevents unintentional activation

Innovative trigger system
Enables up to 60 cuts per minute

High torque
Cuts branches and soft greenery up to 14 mm in diameter

Cordless

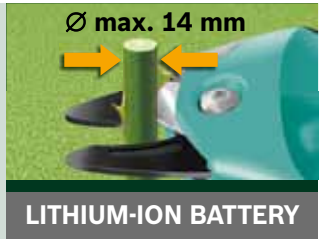
Weight	590 g

[1] Soft wood with branch diameter of up to 9 mm.

Effortless
World’s first battery integrated lithium-ion secateur replacing the straining manual cutting action.

Strong performance
‘Power-Blade System’ for powerful pruning with a cutting diameter of up to 14 mm.

Always ready to use
Lithium-ion battery technology with no memory effect and no self-discharge. Delivers up to 500 cuts of 9 mm soft wood with one battery charge.



ASB 10,8 LI cordless shrub shear.

Our strongest ever shrub shear for ultimate agility.

Shrub shearing has never been easier. Our ASB 10,8 LI shrub shear weighs in at just 900 g, giving you complete control to shape your shrubs and young hedges in exactly the way you want them. Its balanced design makes it highly manoeuvrable, and our ‘Anti-Blocking System’ lets you cut continuously without annoying jams.

Up to 100 min run time
10.8 V lithium-ion battery

Highly manoeuvrable
Comfortable soft grip of small circumference

Reserve power indicator
Practical 4-phase LED display showing battery status

‘Anti-Blocking System’
Powerful action, virtually no stalling

Strong Swiss-made 200 mm blade
Dual colour, precision ground blades

Short charging time
3 hour charger

Easy exchange
Tool-less blade exchange system

Cordless

AKE 30 LI cordless chainsaw.

No petrol, no cable, full power.

Choosing the AKE 30 LI cordless chainsaw will give you one of the most efficient, powerful and easy-to-use chainsaws on the market. There will be no need for untangling cables, no need for extension leads and none of the hassle of petrol start up. The AKE 30 LI is always ready to use and will handle any cutting task around your garden.

Ergonomic handles
Soft grip and ergonomic shape for increased manoeuvrability

Automatic oiling & oil level indicator
To avoid running the chainsaw dry

Dual brake system
Rapid rundown brake for normal operation plus electronic kick back brake with audible warning for increased safety

Compact design
and 30 cm bar. Attractive and mobile

36 V/2.6 Ah High Power lithium-ion battery
Provides high performance for all garden tasks

Tool-less SDS system
For a quick and easy start to work

Weight	5.2 kg

Freedom
Cordless lithium-ion power delivers over 100 cuts in 10 x 10 cm pine wood with one battery charge.

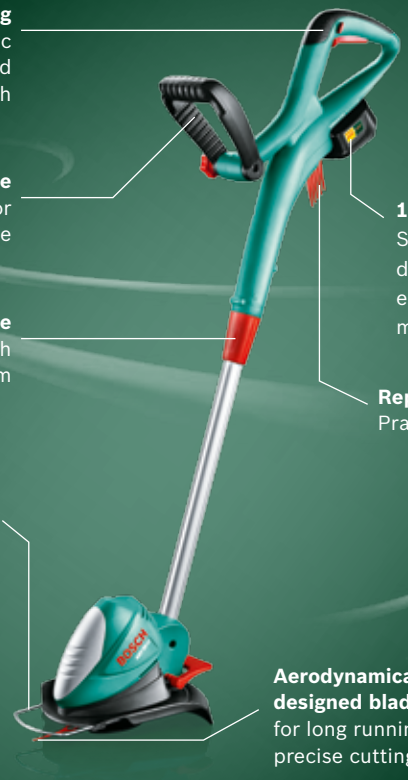
Quick start
No untangling cables, no petrol start up hassle – always ready to use.

Powerful
Efficient high performance electric motor that copes with any task around your garden.

ART 26 LI
cordless grass trimmer.

Cordless power up to 1000 metres.

With a Bosch cordless grass trimmer, you'll be able to trim for up to a kilometre on a single charge, with no need for cables. Its blade system gives you a 26 cm cutting diameter, while its plant protector ensures precision. The telescopic handle lets you adjust the trimmer to a perfect height, and the soft grip and large safety switch make this piece of equipment really easy to handle.



Easy handling
due to ergonomic design, softgrip and large safety switch

Auxiliary handle
Adjustable for additional convenience

Telescopic handle
Adjustable length from 80 to 114 cm

Plant protector
for precise trimming

powered by Li-Ion technology

18 V Lithium-ion battery
Short charge times, no self-discharge, no memory effect, enabling you to trim up to 1000 metres with one battery charge

Replacement blade storage
Practical compartment on the tool

Aerodynamically designed blade system
for long running time and precise cutting results

Lawnmowers

New! Rotak 43 LI cordless lawnmower.

Effortless handling, cordless freedom.

The Rotak 43 LI is a fantastic choice for larger gardens. It has a 43 cm cutting blade and two of our innovative lithium-ion technology batteries. It's 40% lighter than traditional mowers and it doesn't smell of petrol, and because it runs on such small amounts of energy, it produces ten times less CO_2 emissions than petrol mowers. It's also very easy to manoeuvre due to the Rotak 43 LI's clever 'Ergo-Flex System', offering ergonomically designed and adjustable handles. So no matter what your height or build, you'll keep complete control and maintain perfect posture.

'Ergo-Flex System'
Ergonomically designed and adjustable handles to improve body posture and reduce muscle strain while mowing
